

Inox

Looks like aluminium | Feels like aluminium

GOOD DOORS

Why Choose a 'Links' Composite Door?

Composite doors offer the look and feel of a timber door without any of the inherent problems, such as cracking, bowing or twisting.

The 'Links' composite door brings together the current desire for premium aluminium door sets, but with all the material and value-for-money benefits that the market expects from composite doors. Designed to match and complement aluminium profile, the 'Links' door looks like aluminium, feels like aluminium but consists of 4mm GRP skin on a 44mm composite slab using LVL and timber sub frame with a CFC-Free Polyurethane core.

Inox Glazing

The Inox Collection of contemporary doors combine the high-performance of a 'Links' smooth composite door, with finely grained 316 grade stainless steel glazing frames. Not only do they add a distinctive European flair, they also give a truly contemporary look and are guaranteed to keep their high shine and stunning looks for years to come.

Key to Glazing Icons

▲ These doors are our Triple Glazed options.

● Obscure glass choice not required.

■ Glazed - These have an option of a Textured Glass finish. See page 3.

Our policy is to continually improve products, therefore methods, materials and changes of specification may be made from time to time without prior notice.

Door Colours

Doors are supplied with white internal colour as standard, however coloured both sides is available on request. RAL numbers are for reference only. Different materials will give different shade variations when painted with the same RAL. Foiled frames and door slabs may appear slightly different due to the nature of the materials and light reflecting from them.

Can't see the colour you really want?

No problem! All of our doors and frames can be sprayed in any RAL colour* of your choice.

* Additional costs and lead times apply

Frame Colours

Anthracite Grey
with White Interior

Slate
with White Interior

Black Brown*
with White Interior

Cream (Smooth)
with Cream Interior

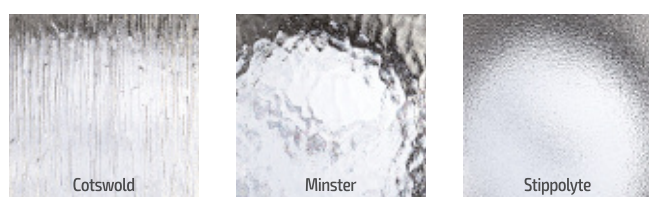

Cream (Smooth)
with White Ash Interior (Foiled)

Frames can be supplied coloured both sides on request.

Frames can also be sprayed to any RAL number on request.

* The foiled Black/Brown frame may appear lighter than the black door in direct sunlight.

Textured Glass

There is a choice of three backing glass options on glazed doors. All other glass designs have their own obscure or opaqueness to them.

Glass pattern names are the trademark of Pilkington plc. The images are the copyright of Pilkington plc. and are reproduced by courtesy.
